February 2023

aRRRgh you ready to vote, CITY OF TAMPA?

Blimey! It be busy times here in Tampa.

Just last month, pirates took over our city. Now, voters living in the city will be voting for mayor, several city council seats and four charter amendments. If you live in the City of Tampa, watch your mail later this month for a sample ballot or view your sample ballot online now at VoteHillsborough.gov/SampleBallot.

As you aRRRgh making your plan to vote, I want to remind you of three important Rs:

REGISTER

In Florida, you must be registered to vote at least 29 days before an election to vote in that election. For this election, the registration deadline was February 6. However, if you are already registered to vote in Florida, you can update your name or address at any time – even on Election Day.

REQUEST

If you're a voter who regularly votes by mail, you should know that your last request has expired. New legislation requires you to submit a new request after every general election if you want to receive ballots in the mail.

RESEARCH

Find out if you're eligible to vote in this election (*you have to live in the city limits*), make sure you're registered at your current address (*see the first R*), see who's running for office, and plan when and how you'll vote. The research is easy on my website, VoteHillsborough.gov.
