The Vote By Mail report was presented with the following: to date 339,286 ballots have been mailed; 200,437 ballots have been returned; 405 ballots returned with voter errors; 200,032 ballots have gone to tabulation.

Due to the Secretary of State's Emergency Order, which extended the deadline for voters to present evidence of eligibility for provisional ballots or submit Vote By Mail cure affidavits until 5PM November 12, the Board determined that all decisions made at today's meeting that would reject a ballot will be held pending voter action that may occur by the deadline.

The Board was presented with 838 provisional ballots from Early Voting and Election Day for review. The Board accepted 293 provisional ballots and determined that 545 will be rejected unless corrective action by a voter is received by 5PM November 12.

The Board reviewed Vote By Mail ballots and determined that 103 ballots with no voter certificate signatures will be rejected if not cured by 5PM November 12. The Board then reviewed 257 potential signature mismatches and 7 protested signatures. The Board accepted 4 ballots and determined that 260 will be rejected unless cured by 5PM November 12.

At 11:51 AM, the minutes from meetings held November 8, 2022, were approved.
