What's shown in an online financial report?

As you know, Florida law requires that candidates and political committees file monthly reports with the Supervisor of Elections. These reports detail all contributions received and expenditures made by or on behalf of the candidate/committee. The **Voter Focus Campaign Financial Reporting** system gives campaign treasurers an easy way to complete and, optionally, file these required reports, online.

Each report generated by the **Campaign Financial Reporting** system is a PDF file that can be viewed in Adobe® Acrobat® Reader. The PDF can be printed if your county requires hard-copy filing. In counties that accept electronic filing, the PDF can be submitted online, signed by the candidate's and treasurer's electronic personal identification numbers (PINs).

Once a report is accepted by the Supervisor of Elections, it will appear on the elections website and can be viewed by the public. Along with the financial reports, you have the option of providing a short description (or "bio") of the candidate/committee and a photograph.

Here's an example of a monthly report:

What do I need to create reports online?

- **A computer equipped with:**

- An Internet connection.
- A web browser configured to accept cookies and with pop-up blockers disabled. In this document, the examples shown use Internet Explorer.
- Adobe® Acrobat® Reader, which you will need to view and print your reports. If you don't have the Reader software on your computer, you can download it free of charge from:
 - a link in the Campaign Financial Reporting System (see page 19)
 - or
 - www.adobe.com
- A printer, if your county requires you to file a hard copy of the report or you want a hard copy of the report for your records.

- **A candidate ID and password.**

This will be provided to you by the elections office.

Candidates need a new ID each time they run for office, even when they are running for reelection to the same office. Committees also need a new ID for each election.

Committees of continuous existence typically are allowed to keep the same ID, but this varies from county to county. Some counties prefer to assign committees of continuous existence a new ID for each election.

The password can be changed after you log in, if you wish.

- **PINs for the candidate and campaign treasurer password.**

If your county permits electronic submission of financial reports, two 4-digit PINs will be provided to you by the elections office. You can change the PINs after logging in, if you wish. (See page 57 for instructions.)

Your county might have other requirements, so check with the elections office before you begin.

How do I start?

Log into the Campaign Financial Reporting system like this:

- 1 Type this web address into your browser:

https://www.voterfocus.com/ws/WScand/candidate_pb.php?county=<county>

replacing the text **<county>** with your county name. You can enter lowercase or uppercase letters...the letter case doesn't matter here.

For example, if your county is Holmes, you would enter:

https://www.voterfocus.com/ws/WScand/candidate_pb.php?county=**holmes**

- 2 Press the **Enter** key on your keyboard or click the "go" icon in your web browser. You'll then see the Candidate Log In page:

Candidate Log In

Important Notice Campaign finance reports must be completed and submitted (filed) through the electronic filing system not later than midnight of the day required by law therefore, and that late-filed campaign finance reports are subject to the penalties prescribed under Section 106.07(8), Florida Statutes.

Numeric Candidate ID (no leading zeros) Password

[Forgot Password?](#)

- 3 Enter your candidate ID and password here.

The password is case-sensitive. That means you have to enter the password in exactly the form given to you by the elections office: if a letter is uppercase, you must enter it in uppercase; the same goes for lowercase letters. Your password might also have numbers.

By the way...you can change your password once you get on the system. We'll explain how to do this on page 57.

- 4 Click .

Your county may require that you change your password the first time you log in. If that is the case, after you click **Login**, you will see the Candidate Reset Password page:

Candidate Reset Password

The administrator has required that you reset your password upon first login.

New Password

Re-enter Password

Enter a new password in the **New Password** field.

You'll need to enter the same password in the **Re-enter Password** field to confirm the new password.

Enter a new password in the fields and then click **Reset Password**. On the Candidate Log In page, re-enter your candidate ID and your new password and click Login again.

What you see when you log in.

This is the main page of the Campaign Financial Reporting System. It shows the reporting periods for the campaign. We call this page the *Report List*.

Time periods when financial reports are required.
Colors indicate reporting periods:

- Past Reporting Periods (beige)
- Current Reporting Periods (green)
- Future Reporting Periods (blue)

The reporting periods are color-coded to help you choose the correct period for reporting data.

The past and future reporting periods are locked to prevent you from inadvertently entering current data into a past or future report. If you need to enter past or future data, you can easily unlock the report by clicking [Unlock this report](#).

The colors of the reporting periods switch automatically at midnight on the due date of the current report.

If any of your reports are overdue or the due date is less than 10 days away (that is, 9 or fewer days from today), you'll see a message like this at the top of the page:

The screenshot shows a web interface for a candidate named Carolyn J. Casadonte (312). At the top, a yellow banner with a red border displays a warning: "Warning! Your 2015-5 report is now overdue 1 day." Below this, the candidate's name and office (County Commission, District 3) are shown. There are buttons for "Log Out", "Edit Candidate/Committee Bio Information/Upload Photo", and "Change Password/PINs". A "Help" button is also present, with a note: "Press Help for information on using the new 'Import Entries' feature." The main section is titled "Candidate Reports" and shows the election details: "Election : County 2015 (2015-11-04)". There are tabs for "Past Reporting Periods", "Current Reporting Periods", and "Future Reporting Periods". A table lists reports with columns for "Rpt Date", "Total Contrib", "Total Exp", and "Status". The report for "2015-5 (05/01/2015 - 05/31/2014) 6/3/2015" is highlighted in yellow. The status for this report is "No Data Entered This report is now overdue 1 day." and includes an "Unlock this report" button. To the right of the table is a menu with options: "Import Entries", "Enter Contribution", "Enter Transfers", "Enter Expenditure", "Enter Distributions", "Prepare Totals", and "Create Waiver Report".

And the due/overdue report(s) will be highlighted as well.

After 180 days, overdue reports are no longer highlighted as late.

If a report is overdue, you need to take immediate action to file the report.

Let's look at the current reporting period.

About Petty Cash

In *Expenditure Type*, notice that there are two types for petty cash:

- Use *Petty Cash Withdrawn* when withdrawing funds from the campaign account for petty cash. This will add an expenditure of the entered amount to your report.
- Use *Petty Cash Spent* to record an expense out of petty cash.

***Petty Cash Spent* does not add an expenditure to the report because the expenditure was already recorded as *Petty Cash Withdrawn*.**

It's important to keep accurate petty-cash records so your final report will balance.

When you've completed the form, click **Submit**.

After the expenditure is saved, you'll get another blank form where you can add the next expenditure.

Want to see how the report is adding up? Just do a preview.

Previewing of reports isn't required. But it's a good idea to preview the report before you submit it, to catch any data entry errors, missing transactions, or other anomalies.

You can preview a report as many times as you like, make changes, and preview it again until you are confident it is correct and complete. Then you can submit the finished report to the Supervisor. Once a report has been submitted, it cannot be changed, so you want to be sure you preview each report carefully.

Previewing a report DOES NOT submit the report to the Supervisor.

To preview your report so far:

How do I record a distribution?

A transaction is a distribution only if it is a:

Credit Card Payment—Linked to the expenditure that represents payment of the credit card bill on which the purchase appears. *Only statewide candidates may use this type of distribution.*

Each purchase made with the credit card will be itemized under and linked to the expenditure that represents payment of the credit card bill on which the purchase appears. The credit card may be used only for travel-related expenses.

Prepaid Distribution—Reserved for up-front, lump sum payments to be disbursed to different entities at a later date. (For example, payment to a media consultant who then makes disbursements to newspapers and television stations.) Related entries under will be reported and linked to the expenditure as they occur.

Reimbursement—Reimbursement for authorized expenses made in connection with the campaign. (For example, Candidate Smith paid for printing of campaign signs with his own money. A check to reimburse him for the cost would be recorded as a Reimbursement.)

Distributions do not add to your report totals.

They are used only to report pro-rata amounts of an already recorded expenditure to provide detail for:

- Refunds to contributors
- Donations to charitable organizations
- Contributions to political parties
- Donations to the State general revenue fund
- Return of matching funds to the State.

To record a distribution:

How do I import data from my campaign application?

Candidates or committees using campaign finance reporting software such as Campaign ToolBox™ can import contribution, expenditure, distribution, and fund-transfer data from a file created by the application directly into the Campaign Financial Reporting system.

Import File Requirements

The system can import any file that meets the Division of Elections Campaign Finance Reporting File Specifications:

[Dos.myflorida.com/elections/candidates-committees/campaign-finance/filing-campaign-reports/](https://dos.myflorida.com/elections/candidates-committees/campaign-finance/filing-campaign-reports/)

For a list of State-approved software vendors for electronic filing, see:

[Dos.myflorida.com/elections/candidates-committees/campaign-finance/filing-campaign-reports/vendors/](https://dos.myflorida.com/elections/candidates-committees/campaign-finance/filing-campaign-reports/vendors/)

When you import data from a file, the transactions are added to the report you are working in. Be sure to review the report prior to submission to verify the data matches what you intended to import, and make any adjustments manually.

To import data for the current reporting period:

Important: When you import a file from your campaign finance reporting software, if there are existing entries in the Campaign Financial Reporting system for the reporting period you are importing entries in to, these entries will be replaced with the information from your file.

Before importing a file, verify that you have not manually entered contributions, expenditures, distributions, or fund-transfer data in to the Campaign Financial Reporting system. If so, verify that these entries also exist in your campaign finance reporting software.

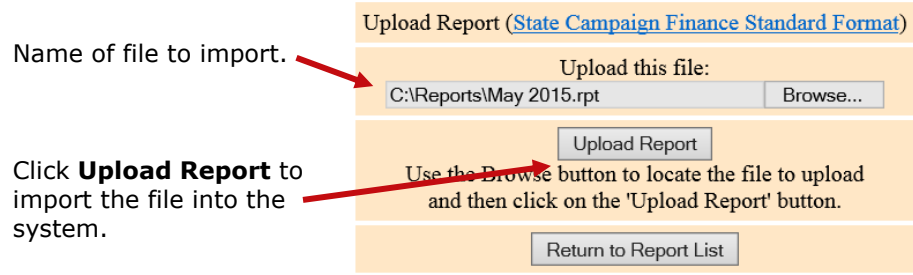

On the main page, locate the row for the current reporting period (look for the green row) and click [Import Entries](#).

Current reporting period is shown in green.

Contributions from persons with protected-address status are not shown in reports. Instead, the notation *****Protected***** will be seen in place of the address. The Campaign Financial Reporting system scans the county's voter registration database for voters with protected addresses and automatically redacts those addresses from campaign reports, so they cannot be seen by the public or the Supervisor's staff. If you are aware of a contributor with a protected address who is not in your local county's voter database, please advise your Supervisor of Elections.

When you click either button, you'll see a message asking if you want to open or save the file. You can view the file immediately or save it to a different name and location, if you like.

The spreadsheet file contains this information:

What reporting is required at campaign end?

On the Report List, you will see a section for the termination report, which is the absolute last report that will be submitted by your campaign. This report states the financial status of your campaign after all contributions and expenditures have been reconciled. It also should also show how any surplus funds were disposed of.

The termination report might not appear in the Report List at the beginning of the campaign, but the elections office will add it to your reporting dates at the appropriate time. Note that it might not be named *Termination Report*. The elections office can give it any name, such as *2015-Final*, like the example here.

	2015-Final (10/01/2015 - 10/31/2015) 11/10/2015	-	-	

When it's time to file the termination report, its row will turn green.

To file this report, you will need to add any outstanding contributions and expenditures that haven't been reported in an earlier report.

If surplus funds remain in the campaign account, the termination report should include an expenditure that disposes of those excess funds. When you enter this expenditure, be sure to select **Disposition of Funds** for the **Expenditure type**.

To report on the disposition of surplus funds, select one of the **Disposition of Funds** options in the **Expenditure type** field. For a description of each type, see page 15.

Campaigns sometimes confuse **Disposition of Funds** and **Enter Distributions**.

Remember that **Disposition of Funds** is a type of **expenditure**, whereas a distribution is a type of transaction referring back to a previously recorded expense.

When you return to the list of expenditures for the termination report, you will see the item listed, but the amount will not be reflected in the total expenditures for the period. Nor will the amount be included on the Report List – in the **Total Exp** column – although it will be counted as an “item.” This design is in accordance with Division of Elections requirements.

How do I enter a photo and biographical info?

You can place a JPEG file, such as a photo, and descriptive text on the page that voters see when they visit the Campaign Financial Reporting system.

The screenshot shows a web form with two main sections. The top section, titled "Candidate Photo", contains a photo of a woman and an "Upload Photo" button. A red arrow points from the text "Photo of candidate" to the photo. The bottom section, titled "Candidate/Committee Biographical Information", contains a text area with a rich text editor toolbar and a "Return to Report List" button. A red arrow points from the text "Biographical information" to the text area. The text area contains the following text:

Susan Adams grew up in Fallsmeire, Florida where she graduated President of the Inaugural Class at Sebastian River High School. Earning a Bachelor Degree in Marketing from Florida State University and a Juris Doctorate from FSU College of Law, Susan is the driving force managing her well known family restaurant, Marsh Landing.

Wanting to get involved in her community, Susan ran for election to the Fallsmeire City Council in 2007. Soon after her election, Susan was elected mayor in 2008. She served as Mayor until November 2015, promoting the goals and visions of Fallsmeire. She now wants to take that vision

A photo and text about the candidate or committee are nice to have, but they are not required. If you don't provide them, here is what voters will see:

The item in the photo area need not be a photograph. Committees might prefer to show their logo instead. But the file placed in this area must be a JPEG file. That is, the file's 3-character file extension must be .JPG.

The system won't accept a JPEG file that's larger than 500 KB. It's best to use an even smaller file if you can, because smaller files display more quickly to website visitors than large ones, especially if a visitor has a slow Internet connection.

Note Images with large dimensions (that is, large pixel sizes) might not display properly in certain older browsers.

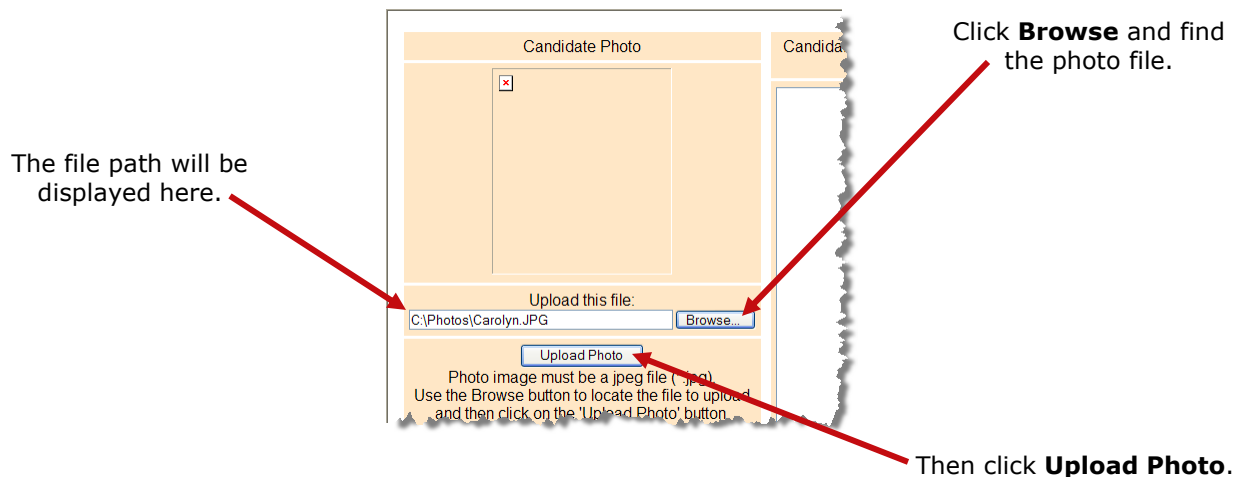

To enter a photo:

On the main page, click the yellow button.

to bring up the Candidate/Committee Bio page:

Click **Browse** and navigate to the JPEG file you want to use. Then click **Upload Photo**.

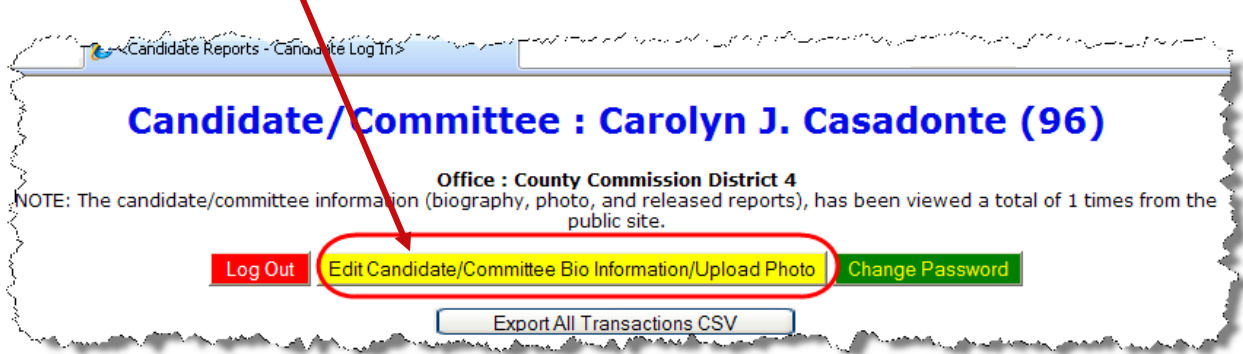

When the file has copied to the system, you'll see this message along with the photo file:

Click [Return to Main Menu](#) to return to the main page of the system.

To enter candidate or committee text:

On the main page, click the yellow button.

to bring up the Candidate/Committee Bio page:

A screenshot of the "Candidate/Committee Bio" page. The page is divided into two main sections. The left section is titled "Candidate Photo" and contains a large empty box for the photo, a "Browse..." button, and an "Upload Photo" button. Below this is a text box with instructions: "Photo image must be a jpeg file (*.jpg). Use the Browse button to locate the file to upload and then click on the 'Upload Photo' button. To ensure your pictures load in a timely fashion for internet users that have slower connections, we recommend that you use an image file that does not exceed 100kb. Image pictures are limited to a maximum of 500kb." The right section is titled "Candidate/Committee Biographical Information" and contains a large text area for entering the biography. Below the text area is a "Characters" counter showing "0" and "(Max 5,000)", and an "Update" button. At the bottom of the page is a "Cancel / Return to Menu" button.

In the **Candidate/Committee Biographical Information** pane, type the information you want to display to voters. You can enter up to 5,000 characters. The system will show

you – in the **Characters** box – how many characters you have typed so far. When you are finished, click **Update**.

Type the biographical data here.

If you ever want to change the photo or bio, just return to the Candidate/ Committee Bio page and upload a different photo or edit the bio text.

To see how your photo and bio appear to voters, enter this address in your web browser, replacing **<county>** with your county name:
