**Canvassing Board to Conduct Public Test of Election Equipment Friday**

Hillsborough County, FL – On Friday, February 17 at 11 a.m., the Canvassing Board will meet to conduct a Logic & Accuracy Test of ballot scanning equipment and review and approve procedures and policies related to canvassing the City of Tampa's 2023 elections.

During the test, stacks of pre-filled ballots are scanned through a random selection of the ballot scanners that will be used for all three methods of voting (Early Voting, Vote By Mail and Election Day voting) to ensure that the scanners are reading every position on the ballot and counting votes accurately.

Elections supervisors are required by Florida law to use election equipment that meets the state's stringent certification standards, and to perform this Logic & Accuracy Test before every election. Upon completion, the equipment will be sealed and kept under camera surveillance until being deployed to voting locations. After the election, the Canvassing Board will oversee a post-election audit to verify the accuracy of reported results.

The Logic & Accuracy Test is open to the public and takes place at the Robert L. Gilder Elections Service Center, 2514 N. Falkenburg Rd., Tampa, 33619. Attendees, including media, should go to the warehouse entrance in the back of the building.

More information about the 2023 City of Tampa Municipal Election is available at [VoteHillsborough.gov](http://VoteHillsborough.gov).
